PETITION

TO Ottawa City Council:

WHEREAS the establishment of a community arts and cultural facility in Ottawa's East District was identified as one of the Top 5 city-wide recreational and cultural priorities in the City of Ottawa's Facility Needs Study Phase II;

WHEREAS \$8-million was originally allocated to this facility in the draft 2002-2007 City of Ottawa 5-year capital forecast:

AND WHEREAS no such community arts and cultural facility exists east of the Rideau River,

WE the undersigned petition Ottawa City Council as follows:

- To commit unequivocally to establishing a permanent, multi-functional community arts and cultural facility in Ottawa's East District, with equal access for all Ottawa residents;
- To restore, within the current 2003 municipal budget process, no less than \$8-million as originally allocated to this facility in the draft 2002-2007 City of Ottawa 5-year capital forecast;
- To ensure this facility will adequately meet the East District's current and projected facility requirements; and,
- To set a firm timeline to fulfill their commitment to establishing this overdue facility.
